

RIBENCE KADEL

ribence.kadel_ug2023@ashoka.edu.in, 21 yrs
8708483127

PROFILE SUMMARY

Data Analytics | Software Engineering | Research

EDUCATION

B.Sc (4 year) in Computer Science and Entrepreneurial Leadership, Concentration in Mathematics	Ashoka University		2027	3.25/4 CGPA
Class XII	Budhanilkantha School	Nepal Education Board (NEB)	2022	91.50 %
Class X	Paragon Public School	Nepal Education Board (NEB)	2020	98.75 %

SKILLS

Python, Microsoft Excel, SQL, Power BI, Financial Analysis, Data Analysis, Executive Presentations, Report Writing, Market Research, Ontology Development, Data Curation, Business Analysis, Tableau, Data-Driven Desicion Making, KPI Tracking

PROJECTS

EV Fast-Charging Market Entry & Network Expansion Strategy — India - Consulting Jun 2026 - Aug 2026

- Developed a ₹100 crore market-entry and expansion strategy for a hypothetical EV fast-charging operator, evaluating Tier-2 Indian cities across demand, infrastructure, competition, policy, and economic attractiveness.
- Built city-ranking, competitor benchmarking, market-sizing, and station-level financial models to identify priority markets, customer segments, and economically attractive charging formats.
- Translated quantitative findings into a 3-year rollout and capital-allocation strategy, including market priorities, investment scenarios, implementation milestones, KPIs, and risk mitigation.
- Link: <https://github.com/ribslearnstocode/EV-Project>

Weather Prediction - Machine Learning Apr 2026 - May 2026

- Developed an end-to-end machine learning pipeline to forecast daily maximum and minimum temperatures across a 31×31 spatial grid over India, using 7 days of historical observations to generate 3-day-ahead forecasts from IMD gridded climate data.
- Implemented and evaluated Ridge Regression with PCA, Random Forest, residual CNNs, and a Spatial Transformer, incorporating preprocessing, dimensionality reduction, temporal train/validation/test splitting, and model evaluation to prevent data leakage.
- Improved forecasting performance with a residual CNN achieving 0.866°C RMSE and a 10.9% skill improvement over persistence, while using a heatwave-weighted loss function to achieve a 0.793 F1 score for heatwave detection.

INTERNSHIPS EXPERIENCE

REWASOFT PVT. LTD. | Software Engineering Internship Jun 2022 - Jan 2023

- Developed cross-platform mobile and web applications using Flutter, Dart, Firebase, JavaScript, HTML/CSS, and Node.js, contributing to features from development through deployment.
- Designed and implemented responsive user interfaces in Figma and Flutter, while integrating REST APIs, JSON, SQL/MySQL, and Firebase to support dynamic application functionality.
- Used Git/GitHub, Android Studio, VS Code, and Postman for version control, debugging, API testing, collaborative development, and application performance improvements.

DEERWALK INSTITUTE OF TECHNOLOGY | Software Developer Intern Jun 2024 - Aug 2024

- Developed a Flutter-based learning management application using Bloc State Management, REST APIs, and localization, implementing features such as user authentication, course/content management, progress tracking, and multilingual access.
- Led a team of 4 developers and built backend services using Node.js and Express.js, supporting learning and food-management modules while maintaining coding standards and timely feature delivery.
- Integrated MongoDB for storing and managing user profiles, course data, progress records, and application content, connecting the database with backend APIs for reliable data retrieval and updates.

FOOD COMPUTING LAB | Software Developer Jun 2026 - Aug 2026

- Analyzed food, nutrition, and health data to identify patterns, gaps, and high-priority queries for knowledge-graph and ontology development.
- Built analytical workflows for data categorization, validation, and insight generation using FastAPI and Next.js.
- Supported scalable data services on AWS, enabling efficient ingestion, retrieval, and analysis of domain-specific information.

POSITIONS HELD

Teaching Assistant for Artificial Intelligence Ashoka University	Aug 2026 - Dec 2026
Software Developer CS Society	Feb 2025 - Aug 2027
